

# PERSONAL HOME SAFETY

*Giving seniors the help they require and the confidence they need to stay at home, living the life they choose.*

**Fully Supervised:** A push button pendant/wristband that provides a connection to a real person at our Central Monitoring Station

**Easy Set-up:** Audible prompts can be heard during set-up, system programming and testing for easier use.

**Built-In Line-Seizure:** The local phone line is seized during an emergency call.

**Status Indicators:** System information such as battery status displayed clearly on the base unit.

## **The System includes:**

- **Base Unit**
- **Pendant/Wristband**

Main System Equipment.....	\$179.95*
Installation.....	\$80.00/hour
24-hour Monitoring.....	\$19.95 per month
Leasing Option.....	\$28.95 per month (includes monthly monitoring and lease of equipment)

\* *One time cost. A 24 month monitoring contract is required.*

**DRN is a state qualified provider.**
